

PRASHANTH V

FULLSTACK ENGINEER
+91-9008539137 prashanthv6777@gmail.com Bangalore 2+ Year of experience

PROFILE SUMMARY

React.js / Node.js Developer with 2+ years of hands-on experience building responsive web applications using React.js, TypeScript, JavaScript, Node.js, Express.js, REST APIs, Redux, and SQL/NoSQL databases. Experienced in developing reusable React components, API integration, authentication, role-based access control, form validation, state management, and database-driven applications. Hands-on experience across HR management, data visualization, resource management, and e-commerce applications.

KEYSKILLS

- React.js
- TypeScript
- Prompt Engineering
- JavaScript
- Tailwind CSS
- SQL
- Bootstrap
- LangChain
- RAG
- Fast API
- Material UI
- Node.js
- LangGraph
- Express.js
- PostgreSQL

CERTIFICATIONS

- DeepLearning.AI Neural Networks and Deep Learning
- AutoML (DeepLearning.AI/AWS)
- IBM ML with Python

WORK EXPERIENCE

Fullstack Engineer - Cannyfore

Sep 2024 - Present

Cannyfore

- Full-stack development and deployment of enterprise web applications and production GenAI solutions across the AI engineering lifecycle.
- Enterprise Web Development: Built responsive full-stack applications using React.js, TypeScript, Node.js, and Express, implementing role-based access control (RBAC), form validation, and JWT authentication.
- Design multi-agent LLM orchestration, RAG with semantic chunking, and prompt engineering for natural-language data query and analytics systems.
- GenAI & Data Analytics Integration: Developed a natural-language data query assistant (Data Chat) using LangChain, local LLMs (Ollama with Mistral & Gemma), and Open Router to transform natural language queries into automated SQL and visual charts.
- Dashboard & UI Design: Designed dynamic HR analytics dashboards and employee management modules for OrangeHRM, displaying real-time data, charts, leave tracking, and performance metrics.

PROJECTS

OrangeHRM – Human Resource Management System
Full-Stack Developer Team Size: 4

- Developed core employee management modules using React.js and TypeScript covering onboarding, personal info, job details, and reporting hierarchies.
- Integrated React components with REST APIs for leave management, performance tracking, and employee workflows.
- Implemented Role-Based Access Control (RBAC) for Admin, HR, and Employee personas with dynamic navigation views.
- Built interactive HR analytics dashboards displaying real-time employee data, charts, and leave balances.
- Tech Stack: React.js, TypeScript, JavaScript, Tailwind CSS, Node.js, Express.js, REST APIs, SQL

Data Chat – Smart Data Query & Visualization Assistant
Full-Stack Developer Team Size: 3

- Developed an AI-assisted query and visualization platform enabling natural-language interaction with uploaded CSV, Excel, and SQLite datasets.
- Integrated LangChain and local LLMs via Ollama (Mistral, Gemma) to automatically translate natural language into SQL queries.
- Built React interfaces featuring dynamic tables, downloadable CSV outputs, auto-generated charts, and multi-model switching via OpenRouter.
- Implemented editable Python/Matplotlib code execution and UI themes (dark/light mode).
- Tech Stack: React.js, JavaScript, SQLite, LangChain, Ollama, Mistral, Gemma, OpenRouter
- Tech Stack: React.js, TypeScript, JavaScript, Tailwind CSS, Node.js, Express.js, REST APIs, SQL

Full-Stack E-Commerce Platform
Full-Stack Developer Team Size: 5

- Engineered full-stack functionality covering authentication, product catalog management, payment processing, and admin tooling.
- Managed client state using Redux and developed secure Node.js/Express REST APIs with JWT authentication stored in HTTP-only cookies.
- Integrated third-party payment and transactional communication APIs (Stripe/Paytm, SendGrid)..
- Tech Stack: React.js, JavaScript, Redux, Node.js, Express.js, MongoDB, Mongoose, JWT, Stripe/Paytm, SendGrid

EDUCATION

Master of Computer Applications (MCA)
Manipal Institute of Technology

ADDITIONAL INFORMATION

Hobbies: Competitive Coding, Music
Languages: English, Hindi, Tamil, Kannada, Telugu.
